STATISTICAL REPORT SERIES

NO. 1

1983 SCHOOL DISTRICT PROPERTY VALUATIONS, MILL LEVIES AND BONDED DEBT

Planning Unit
Planning & Vocational Services Division
State Department of Education
Cheyenne, Wyoming 82002

Preface

The assessed valuation of taxable property in Wyoming decreased 2.11% or $171,042,438 in tax year 1983. There was an increase in real property of $49,533,222 and personal property of $25,669,851 for a total of $75,203,073 but a decrease in mineral production of $223,402,796 and utilities of $22,842,715 for a total of $246,245,511.

Mineral production is assessed at 100% of the market value of production. Most real property is assessed at approximately 25% of 1967 market value. The result is that property taxes for Wyoming homeowners are among the lowest in the United States.

Assessed valuation per student in unified (grades K-12 or 1-12) public school districts varies in 1983 from $15,955 to $693,940. The state average is $79,106 or a decrease of 3.45% over last year's figure of $81,935.

Local school districts are limited to 28 mills for operation with voter approval required for the last two mills. There is no limit on millage for debt service; however, districts' bonded indebtedness shall not exceed 10% of the assessed valuation.

October, 1983

Lynn Simons, State Superintendent of Public Instruction

STATISTICAL REPORT SERIES

1983 SCHOOL DISTRICTS

FALL REPORT OF STAFF, TEACHERS/PUPILS/SCHOOLS, ENROLLMENTS SPECIAL EDUCATION STUDENT COUNT

Planning Unit
Planning & Vocational Services Division
State Department of Education
Cheyenne, Wyoming 82002

Preface

This second of a series of three annual publications provides statistical data about staff, enrollments, and numbers of Wyoming public schools. The information was compiled from local school district reports submitted to the State Department of Education after school opened in September, 1983.

The tables on staffing give whole numbers (head-count) of total certified and non-certified staff; certified staff members are also reported as full-time equivalents.

The tables titled "Teachers/Pupils/Schools" report full-time equivalent classroom teachers; excluded are special education teachers and instructional support personnel. Numbers of schools are counted in the same way as they are listed in the enrollment tables; that is, an elementary school may be K-6 or 1-8, a senior high school may be 10-12, 9-12 or 7-12. Junior high or middle school may span any grades from 5 through 9. Special schools are those operated exclusively for handicapped students.

The tables on fall enrollment give a count of pupils enrolled as of September 15, 1983. The count under "Special Education" includes only pupils assigned full-time to special classrooms, and is therefore only a fraction of those diagnosed as handicapped. The majority of such students are in regular classrooms.

As a new addition to this publication we are including a table of handicapped data by school. This data reflects the non-duplicated/non-dual enrollment pupils by district and a state total. Additional data is available in three other formats upon request from the Planning Unit at SDE. The other three tables are as follows: 1) Non-duplicated Count/Dual Enrollment; 2) Duplicated Count/Dual Enrollment; 3) Duplicated Count/Dual Enrollment Not Counted.

If you would like any of the additional handicapped data, please contact the Planning Unit, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002, or call 777-6270.

February, 1984

Lynn Simons, State Superintendent of Public Instruction

BEST AVAILABLE COPY

PREFACE

This publication provides financial data on the operations of the 49 public school districts in Wyoming during the 1982-83 school year (July 1, 1982 to June 30, 1983). Most of the information was obtained from the annual reports submitted to the Department of Education by each district.

The state summary statistics given on pages 1 through 14 include only General Fund receipts and expenditures. The individual district reports beginning on page 15 include also amounts reported for school lunch funds and for categorical federal grants. Trust funds, debt service, capital construction and student activity funds are not reported in this book.

On the individual district reports, some discrepancies appear between ADM figures being larger than enrollment and students transported being larger than enrollment. The numbers shown are as reported by the districts.

Other information which is collected but not published can be obtained from the Planning Unit, State Department of Education, Hathaway Building, Cheyenne, Wyoming, 82002, or call 777-6270.

April, 1984

Lynn Simons, State Superintendent of Public Instruction
